

Hi Vis Rubber Matting

Codes: **RMHV10 (10m)**
SP030001 (5m)

A cost-effective solution for anti-slip temporary walkway / path requirements. Versatile, durable, lightweight, and provides a non-directional grip with a diamond-embossed chequer plate pattern. The bright yellow colour ensures high-visibility in areas where safety is paramount. An ideal solution for construction sites and other industrial settings with high foot traffic environments.

- Enhances safety with anti-slip patterns
- Material: 100% PVC
- Biodegradable & recyclable
- REACH Compliant
- Can be washed using cold water with a pressure pump

Code	Size	Thickness	Weight
RMHV10	10m x 1m	2mm	35Kg
Assorted washproof plasters	5m x 1m	2mm	17.5Kg
